Young people between age 15-24 report the most suffering from mental illness, substance use, and addiction. Dr. Shimi Kang, who has worked with youth for over 10 years, has observed that all youth, including South Asians are at serious risk. Culturally specific awareness, education, and intervention at an early age are key factors in keeping our young people healthy and communities thriving.

You may purchase tickets for \$75.00 each or a table of 8 for \$600.00 by contacting any member of the Rotary Club of Vancouver-Fraserview or by calling 604 443 5050 or fax 604 443 5051 or by emailing rotary@alliancevancouver.com.
